

CALIFORNIA CHAPTER 4, AMERICAN ACADEMY OF PEDIATRICS INJURY PREVENTION PROGRAM RESOURCE GUIDE

Thank you for your interest in the California Chapter 4, American Academy of Pediatrics, Injury Prevention Program Resource Guide.

Inclusion Criteria:

- Non-profit, for profit and governmental agencies may apply.
- Each organization's mission statements must encompass the educational services they provide and not be solely product sales oriented.
- All organization's educational messages and products will be consistent with American Academy of Pediatrics policies and guidelines. If guidelines are not present for a specific area, current best practice must be followed. This also applies to federal, state and local codes, laws and voluntary standards, where applicable. If your organization follows a different set of guidelines, please describe them in the "summary" on the application form.
- American Academy of Pediatrics guidelines are available at <http://aappolicy.aappublications.org/>.
- Organizations must have been active in injury prevention for at least one year.
- Organizations are not limited to those with offices located in Orange County, as long as they provide resources and/or services to Orange County residents.
- If certifications are required as part of best practice for a certain area of expertise, these certifications are necessary for inclusion in the applicant's program description (example: Certified Child Passenger Safety Technician).

Application Process:

1. All Organizations will complete the application form online at www.ockeepkidssafe.org (click onto Resource Guide).
2. Applications will be accepted on an ongoing basis. Accepted organizations will be added to the Resource Guide monthly.

If you have any questions, please call the California Chapter 4, American Academy of Pediatrics, Injury Prevention program at (714) 971-0695.

Sincerely,

Jamie S. McDonald, MPH, CHES
Program Director
